## PROJECTS

### **E-Commerce Website.**

"Discover a seamless online shopping experience with our Amazon-inspired e-commerce site. Built with React and responsive design for effortless browsing and shopping."

### **A Search\_Engine.**

"Explore the web with ease on our Google-inspired search engine, meticulously crafted with React, responsive web design, HTML, CSS, and JavaScript. Navigate effortlessly and discover relevant results in seconds, just like the iconic Google experience."

### **MagicFlix.**

"Experience the magic of streaming with our project inspired by Disney Plus Hotstar. Crafted with React and responsive design, it offers seamless navigation and captivating content, just like the original."

### **To-Do List.**

"Stay organized and efficient with our sleek To-Do list project, designed with HTML, CSS, and JavaScript. Easily manage tasks, prioritize goals, and streamline your day-to-day activities with intuitive functionality and customizable features."

### **JavaScript Essentials Handbook.**

"Unlock the fundamentals of JavaScript effortlessly with our comprehensive technical documentation page, meticulously crafted using HTML, CSS, and JavaScript. Dive into essential concepts, syntax, and examples, empowering your journey into web development."

### **Pokemon-Search App.**

Discover Pokemon details effortlessly with the Pokemon Search App, crafted using responsive web design technologies like HTML, CSS, and JavaScript. Simply input a Pokemon's name to retrieve vital stats such as height, weight, attack, special attack, defense, and special defense. Designed for seamless usability across all devices, from desktops to mobile phones, the app ensures a smooth and enjoyable browsing experience. Explore the vast world of Pokemon with ease and delve into comprehensive information at your fingertips.

## CERTIFICATES

- Responsive Web Design. 
- JavaScript Algorithms and Data Structures. 
- Core Java. 
- Python. 

## SKILLS

- Data Structure and Algorithms.
- C ( Programming Language).
- JQuery.
- Core Java.
- Python.
- SASS
- Responsive Web Design.
- JavaScript.

## EDUCATION

**BTech,** Meerut Institute of Engineering and Technology.

CGPA- **7.4**

**Intermediate,** Meerut Public School.

Percentage - **90%**

**High School.,** Meerut Public School.

Percentage - **94%**

## INTERESTS

- Gaming fanatic.
- Music enthusiast.
